CELEBRATING LIFE DAILY -

By Sandra Faye

As I sit in the absolute peace of the morning here in the San Luis Valley, looking at these wondrous mountains which rise to 14,000 ft surrounding me, and watching two deer walk before me out of the window where I sit, I am filled with the joy of becoming so at one with all of creation.

While moving into a realm whereby I can feel myself sitting on top of the mountain before me, I begin to receive the words which I will now put on this writing. If you find yourself questioning how is she doing this up there on the mountain and back here in the room with the computer, let me give a simple description of what takes place with me in this manner. I begin to feel my body changing, my heart begins to feel full of an inner joy as well as almost feeling as if it is more than I can with-

stand. In other words, you see so much around you and feel so much within you that you want to stand somewhere high and just radiate a great powerful energy into the entire globe of planet earth. I feel this as I write. Then, I begin to see myself in my minds eye sitting on top of that 14,000 ft mountain and doing just what I described, radiating Light and unconditional love out into the entire world.

Moving back into the awareness of the computer, my mind begins to receive telepathically or some manner information that is given unto me as I soak up the energy within and all around me right now, Now I will begin to write what I recall already given and allow myself to continue to receive that which can be issued.

Many will recall that last year at this very time, I was hiking up these beautiful mountains

called "Sangre De Cristo" and had a female being with a five pointed star (purest white and glistening) pulsating on her forehead, appear to me and speak with me about Germany. I am here again and have asked what can I share with the public? The response and the information I sense is not write anything about this until further notice. I do not see her, but simply feel that suggestion.

Now what has been coming and is still here with me is the following:

Messenger, dear messenger, will you give to others now the information which needs to be consumed rather than that which is being broadcast daily, hour by hour, by those who are locked into the darkest physical realms of being? We hear your reply of yes, yes, yes!

Celebrating Life Dailey

Life is so much more than most of humanity realizes at this current time. It is as if the Divine Source will need to open a large container filled with Light particles that will float around the atmosphere of the entire planet earth. These particles would land upon each being just as snow comes down and lays upon the planet in a glistening beauty. So now, the information can be released that in fact, something similar to that description is about to take place. What will give forth the call from humanity desiring this Light is a significant pulsation that will create the desire for this Christ Consciousness to radiate stronger now in all of humanity. The pulsation spoken of herein, is somewhat of a gift or shall it be said, "the Grace of God," operating in fuller measure upon this beloved earth.

Just as you see yourself experiencing a divine splendor as you move into the radiant light of creation, it should be given that all may experience this by making the choice to do so. It should be issued now to all who will delve deep within their being, that so much of the more refined realms are avail-

able and are prepared for humanity such as a grand buffet of the most nutritious foods one could imagine.

There are those beings, in fact, long ago ancestors of humanity, who are like the great grandfathers and grandmothers of us all and are so lovingly and willingly offering themselves to work closer with us in a fuller measure of our being. In other words dear ones, IT IS TIME! They so desire that we being the children now of a new era, become more and more awakened to that which is truly ours to realize now as being gods of Light. It is not a time to relate here now the opposite of this just given, that is the gods of darkness. Give no energy to the opposite of the true Light of this world.

So many are questioning the time period rapidly approaching which is the year of 2012. It seems beneficial now to say that what is actually taking place and has been taking place over the last 2009 years is what may be called a transformation of the astral realms. You see dear ones, many prophets and healers are birthed upon planet earth, some recognized as their presentation was public, others seen and worked with

by inner plane contact only. Both very powerful in issuing force fields necessary for planet earth and her cells to survive and experience the journey of being the I AM'S upon this creation.

You see dear family, all must go through the astral spheres upon leaving their physical forms at what is called death. The reason for this is that it is how creation has given a way for the karmic seeds to dissolve somewhat if souls cannot complete their cleansing patterns while in physical form on earth. There comes a time whereby souls who cannot seem to bring the needed balance of the astral form while on earth, can actually begin to reside by cosmic law, upon an astral planet. Remember the words given in scripture, "as above so below." It would be the same as one moving into a state upon this planet and recognizing that the weather or something about the state did not seem comfortable and so one would move to another state, say from Wyoming to Georgia or some similar action.

“...become more awakened to that which is truly ours to realize now as being gods of light...”

Inner Journey

“... we must always enter and close our day by giving thanks to all who are assisting each of us...”

Celebrating Life Dailey

Let us go back a moment here to explain further that the astral realms are full and therefore the souls ready to move on now out of what may be termed "bondage" to the astral realms or in some teachings, purgatory or hellish regions. The numbers are unfathomable by mankind's mind at this time, however; what is taking place is that the astral realms are in a process of ascension, just as the physical substance upon planet earth. It would be similar as school where children begin at kindergarten and continue through the twelfth grade and then on into college, jobs or otherwise. Of course each who reads this transmission realizes that the beginning grades and on into college are in no way the same as they were even 25 years ago. Life is moving rapidly in all the realms of creation. So it is with the astral spheres. Preparation is taking place for a totally new race of beings to enter these realms and move through them rapidly.

Those who reside in the heavenly realms, the causal realms, do come to assist those with up reaching hands and so we must always enter and close our day by giving thanks to all who are assisting each of us and our

loved ones already residing in the astral and no longer in physical forms.

As I sit here receiving pictures and words, I am shown that we must not form a mental picture of the astral realms as being harmful or full of darkness. The astral realms are beautiful just as the planet earth has beauty. Yes, the earth has much going on upon it by unawake minds. There is child abuse, trash in our cities, crime and so on, but there is also the beauty upon this earth given to us to stay tuned into such as the trees, the birds, the deer, flowers and so much more. It is the same in the astral realms in that if one is thinking hellish thoughts while here in the physical form, one continues that in the astral realms. The teaching that states, "as a man thinketh so is he," is absolutely the way it is in all of life.

Now let this be known, various mansions of the spheres are provided by creation to care for good and evil spirits. Those

who hold the Light and offer it graciously to others can travel freely in the astral world.

Those who hold evil or destruction in the heart chakra, are limited and experience what we would term feeling misery and hopelessness. Yes, there are the lower realms where dark fallen angel type beings are held and if only those who promote war and killing knew of this realm, they would definitely change their hearts desires. May we add here that if you are one who can spread the Light, you must pray and affirm the Light around the world leaders of our time. Yes, **WORLD LEADERS**, not just those in the U.S.

(Continued on next page)

**“... as a man
thinketh
so is he”**

(Continued from page 3)

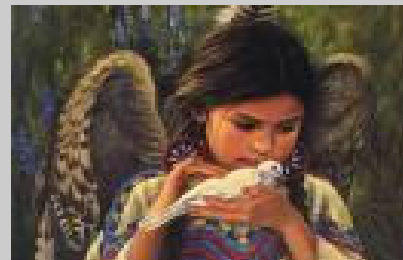

Sitting here now, feeling as though I have emptied a full container of clear, clean water for all to drink with joy, I also sense within my being a little sadness or I believe just a return to being fully conscious of the physical realm. It seems that the sadness is a realization that many will read but will feel very little and do very little of what the masters of the great wisdom teachings ask of us. Ask yourself how often do I go within, how often do I bless the beauty of this planet, and how often do I get bogged down into the materialistic activities upon this planet and forget to be still and know there is a higher way of life which is freely given. These masterful beings always assisting humanity in no way desire to control or manipulate humanity. Yes, there are those in spirit form who very well are determined to control and manipulate but one does not need to be concerned or be a part of that action. Remember to always choose to follow that which offers you freedom to be led by your divine source rather than another human creating a need from you of dependency upon them. Be wise, use discernment and there is nothing to fear, EVER!

PEACE BE WITH YOU ALL

“What we are told as children is that people when they walk on the land leave their breath wherever they go. So wherever we walk, that particular spot on the earth never forgets us, and when we go back to these places, we know that the people who have lived there are in some way still there, and that we can actually partake of their breath and their spirit.” -

Rina Swentzell, Santa Clara Pueblo

Lessons on Truth Teachings—Spiritual Treasures

Are you ready to begin a FAITHFUL study which will enable you, the seeker of truth, to experience steady unfoldment on your chosen spiritual path?

Won't you take the time to pray and contemplate the new joy that can come by feeding your soul with a modern treatment from the spiritual commentary called the Bhagavad Gita. This study can give you a clear explanation of the esoteric meaning of this classic scripture. The Bhagavad Gita is a spiritual treasure and is translated from the Sanskrit language as "Glorious Celestial Holy Song." It initially was written in the fifth century B.C.

The teachings are for all people, of all times and cultures, because its message is universal and touches both the human and the spiritual condition equally. The message gives one advice of the most practical nature, as well as instruction leading to liberation of consciousness.

The high calling at this time on our planet is for those who have eyes to see and ears to hear that the ideal way of living, is one whereby man's purpose on earth may be fulfilled and God's will might surely be done.

When a large percentage of humanity have neglected a way of righteousness, the Divine Influence once again emerges on the world scene to encourage mankind to move steadily onward, to assure the maintenance of society and to illumine souls. This is currently taking place in various ways.

Now let us be very serious in this closing by stating firmly that it is a conscious recognition by many that people are busy, busy, busy with everyday activities. These activities usually do not include a disciplined time to honestly study a true spiritual path, meditate daily, and experience a continuous and conscious pattern of increased awareness of God as a reality in their life.

TV, phone calls, family duties, full time in a workplace, and much more take up each and every day. The call from the guardians of our race are calling out more and more for us to turn around the "down hill run" that many are traversing at this time. Remember, man's perception of the outer world tends to keep him in bondage to it. Come, let us together give support and Light to the effort of deep meditation and experience more of that inner radiance that is experienced when our attention is

turned within to the source of all Life.

Blessed Virgin Mary Appears Enshrouded in Light in Front of Vassula Ryden during a Talk She Gave in January

Vassula always travels with a companion to her world-wide meetings. This was instructed to her by Jesus Himself. It was her travel companion on the mission, Gethsemane, who was taking various digital photos during the course of the meeting. At first they appeared quite normal as you can see.

**Then the
Virgin Mary
appears!!**

**...enshrouded
in an intense
Light**

Global Awareness

There is so much light it is hard to discern who is appearing there in front of her but some people saw more than the camera captured.

"I saw a very thick and beautiful golden aura around her when she was speaking to us and a very bright golden light behind her. On one occasion, I saw the Virgin Mary to her right and three times I saw the Virgin with a golden veil and a light golden facial complexion to Vassula's left side in front of her." - Mr. Richard E. Najera

"... I came in and the whole auditorium was lit up and this big bright white light was right on top of Vassula. I was actually annoyed and said to myself 'what is going on here...no one can see Vassula speak because of this bright light streaming directly over her head.' I stepped out and when I came back in the auditorium it was dark again and you could see Vassula again speaking at the podium."

Astronaut Major Cooper Saw UFOs

Major Gordon Cooper testified before the United Nations:

"I believe that these extra-terrestrial vehicles and their crews are visiting this planet from other planets... Most astronauts are reluctant to discuss UFO, but in 1951 I had two days of observation of many flights of them, of different sizes, flying in fighter formation, generally from east to west over Europe." And according to a taped interview by J. L. Ferrando, Major Cooper said:

"For many years I have lived with a secret, in a secrecy imposed on all specialists in astronautics. I can now reveal that every day, in the USA, our radar instruments capture objects of form and composition unknown to us. And there are thousands of witness reports and a quantity of documents to prove this, but nobody wants to make them public. Why? Because authority is afraid that people may think of God knows what kind of horrible invaders. So the password still is: We have to avoid panic by all means." "I was furthermore a witness to an extraordinary phenomenon, here on this planet Earth. It happened a few months ago in Florida. There I saw with my own eyes a defined area of ground being consumed by flames, with four indentations left by a flying object which had descended in the middle of a field. Beings had left the craft (there were other traces to prove this). They seemed to have studied topography, they had collected soil samples and, eventually, they returned to where they had come from, disappearing at enormous speed... I happen to know that authority did just about everything to keep this incident from the press and TV, in fear of a panicky reaction from the public."

BIO The unique sound of Rescue Party began in 1999 when Barry, Tedd, and Tom joined forces for one special performance at the first Crestone Music Festival. The three of them continued to explore their own path with their respective band until four years later, when Tedd and Barry started co-writing songs and merging their creative and vocal skills. In 2006 Tom reunited with the duo, adding his original talent and vocals. *Rescue Party* was born. Lonnie joined shortly afterwards, adding his diverse style, completing the *Rescue Party* foursome. Together, the four have developed into a vocal-oriented, all original band with a unique combination of country-rock-folk-pop music with a variety of rhythms. Their diverse backgrounds, coupled with their precise and scintillating harmonies, give *Rescue Party* its own special and captivating sound.

Barry Monroe – acoustic/electric guitar, lead & harmony vocals
